

# Congratulations!

*You are an official NASM-Certified Personal Trainer and you may now proudly display this prestigious title!*

**You have worked hard for your certification. We know that earning your certification took time and dedication and we are proud to have you as a part of our NASM team.**

As a part of the NASM certified team, we would like to recognize you as an NASM-CPT with this NASM Certified Logo for you to display on business cards, personal brochures and personal marketing materials. The logo is not an endorsement of your products or services but a symbol of recognition from the NASM Board of Certification.

There are a few logo usage guidelines that you must adhere to when displaying the NASM-Certified logo. These are as follows:

1. Please do not attempt to change the logo. The logo must be displayed as shown, without alteration of any kind. NASM will not be able to send out logo source files to members. However, upon request, source files may be emailed to printers or designers who are working on personal marketing collaterals for the member.

Size: please do not attempt to re-size the NASM-Certified logo. There are 3 sizes provided for you.

2. You may not display this logo as an endorsement or affiliation of your business and/or services.
3. You must be in good standing with the NASM-Board of Certification and hold a current NASM-CPT. The use of this logo will expire two years from original certification date. Each member must recertify to continue to display this logo.

NASM is a registered trademark of the National Academy of Sports Medicine. In connection with the granting of this logo NASM grants to each NASM-CPT a personal, nontransferable, indivisible and non-exclusive license to use the trademark only to identify or reference their certification and each NASM-CPT further acknowledges NASM's ownership of the trademark.

**For further information on usage guidelines, or special requests regarding the NASM Certified Logo, please contact the NASM Board of Certification at 1.800.460.6276 ext. 5503.**

**Changing the shape of health and fitness™.**
